This Privacy Policy was last updated on December 17, 2016.

Our Policy:

Welcome to the web application (the "Site" or "Web Application") of Dreamware, Inc. d/b/a Auto.Live ("Auto.Live," "we," "us," and/or "our"). This Site is operated by Auto.Live and has been created to provide information about Auto.Live and our services (together with the Site, the "Services") to our Service visitors ("you," "your"). This Privacy Policy explains how Auto.Live may collect, use, and disclose information we obtain through our Services. This Policy is incorporated by reference into Auto.Live's Terms of Service, located at <https://auto.live/legal/tos>.

Information We Collect:

When you interact with us through the Services, we may collect personally identifiable data and other information from you, as further described below.

Personal Data That You Provide Through the Services:

"*Personal Data*" means information that alone or in combination with other information may be used to readily identify, contact, or locate you, including: name, address, email address, and birth date. We do not consider Personal Data to include information that has been anonymized so that a third party cannot easily use such information to identify a specific individual. We collect certain Personal Data from you when you voluntarily provide such information, such as when you contact us with inquiries, respond to one of our surveys, register for access to the Services, or use certain Services. Wherever Auto.Live collects Personal Data we make an effort to provide a link to this Privacy Policy.

By voluntarily providing us with Personal Data, you consent to our use of it in accordance with this Privacy Policy.

Other Information:

Non-Identifiable Data: When you interact with Auto.Live through the Services, we receive and store certain personally non-identifiable information, such as IP addresses, device identifiers, browser type, operating system, search queries, dates and times of visits, and other site usage information. Such information, which is collected passively using various technologies, cannot presently be used to specifically identify you. Auto.Live may store such information itself or store such information with Auto.Live affiliates, agents, or service providers. The Services may use such information and pool it with other information to track, for example, the total number of visitors to our Site, the number of visitors to each page of our Site, and the domain names of our visitors' Internet service providers. It is important to note that no Personal Data is available or used in this process.

Cookies: When you visit our Services, we may use a technology called "cookies." A cookie is a piece of information that the computer that hosts our Services gives to your browser when you access the Services. Our cookies help provide additional functionality to the Services and help us analyze Services usage more accurately. For instance, our Services may set a cookie on your browser that allows you to access the Services without needing to remember and then enter a password more than once during a visit to the Services. In all cases in which we use cookies, we will not collect Personal Data except with your

permission. On most web browsers, you will find a "help" section on the toolbar that provides information on how to receive notification when you receive a new cookie and how to block and delete cookies. Please note that certain Service features may not work properly if you block or delete our cookies.

Aggregate Information: In an ongoing effort to better understand and serve the users of the Services, Auto.Live often conducts research on its customer demographics, interests and behavior based on information provided to us. This research may be compiled and analyzed on an aggregate basis, and Auto.Live may share this aggregate data with its affiliates, agents and business partners. This aggregate information does not identify you personally. Auto.Live may also disclose aggregated user statistics in order to describe our Services to current and prospective business partners and to other third parties for other lawful purposes.

Location Information: Our Service may collect and use any location information you provide through the Services (for example, by giving us your address or by enabling GPS on your mobile device) to optimize certain functionality of our Service. If you choose to provide such location information, it may be publicly displayed within the Service. Please keep in mind that other users can see this information about you, and they may use it or disclose it to other individuals or entities outside of our control and without your knowledge. Your location information may be subject to abuse, misuses, and monitoring by others, so please be careful if you choose to enable location functionality. We may also use your location information in an aggregate way, as described above in the "Aggregate Information" section above.

Our Use of Your Personal Data and Other Information:

Auto.Live uses the Personal Data and other information you provide to facilitate and improve our services, to communicate with you, and for other purposes consistent with this Privacy Policy. If Auto.Live intends on using any Personal Data in any manner that is not consistent with this Privacy Policy, you will be informed of such anticipated use prior to or at the time at which the Personal Data is collected.

Communications: We may send email to the email address you provide to us to verify your account and for informational and operational purposes, such as account management, customer service, or system maintenance.

Internal and Service-Related Usage: Auto.Live and our subsidiaries and affiliates (the "Auto.Live Related Companies") may use your Personal Data and other information collected through the Services to help us improve the content and functionality of the Services, to better understand our users, and to improve the Services.

Marketing: Auto.Live and its affiliates may use your Personal Data to contact you in the future to tell you about services we believe will be of interest to you. If we do so, each marketing communication we send will contain instructions on how to 'opt-out' of receiving future marketing communications. Alternatively, or if you wish to have your name deleted from our mailing lists, please contact us at contact@auto.live.
